

2021 USRA Sponsors, Awards & Eligibility Requirements

Decals must be in the upright position and required locations on both sides of the racecar using official decals supplied by the USRA. If decals are embedded into the design of the wrap, they must be the same colors and dimensions as the official decals. Altering the size and/or colors will be considered the same as no decal at all. The official USRA decal must be positioned on the A-pillars or nearest the top of the leading edge of the door panel. Decals are required to be eligible for cash and/or awards offered by some sponsors. Points funds and contingency awards are made possible by our generous sponsors, so please support the companies that support your efforts and thank them when the opportunity presents itself.

OFFICIAL SPONSORS
